

# HASHIR MEHRAN

## About Me

Motivated and detail-oriented React.js and Node.js developer with strong experience in building dynamic web applications and managing backend APIs. Skilled in JavaScript, RESTful services, and modern frameworks, with the ability to deliver clean, efficient, and responsive solutions under deadlines. Interested in working with innovative companies where I can contribute to full-stack development and digital transformation projects.

## Language

- English
- Urdu

## Expertise

- Frontend Development with React.js
- Backend Development with Node.js & Express.js
- RESTful API Integration & Development
- JavaScript (ES6+) & JSON Handling
- State Management (Redux / Context API)
- Responsive UI Design using HTML, CSS & Tailwind CSS
- Database Management with MongoDB
- Version Control (Git & GitHub)

## Experience

- Developed responsive and dynamic web applications using React.js for frontend and Node.js with Express.js for backend.
- Built and integrated RESTful APIs to connect frontend interfaces with databases.
- Worked with MongoDB for data storage, user management, and authentication modules.
- Collaborated with teams to ensure clean UI, efficient code, and optimized performance.
- Followed version control practices using Git and GitHub for project collaboration.
- Freelance / Part-time Projects (2023 – Present)
- Developed small-scale web projects for local clients using React.js and Node.js.
- Created reusable components, handled form validation, and API requests.
- Integrated basic CRUD functionality for data management and dashboard updates.
- Assisted teams in UI improvements, testing, and deployment on hosting platforms.
- 

## Skills Summary

- Frontend: React.js, HTML5, CSS3, Tailwind CSS, JavaScript (ES6+)
- Backend: Node.js, Express.js
- Database: MongoDB, Mongoose
- API Handling: RESTful API development & integration
- Version Control: Git & GitHub (branching, commits, collaboration)
- UI/UX: Responsive design, component-based architecture
- Deployment: Vercel, Netlify, Render
- Problem Solving: Debugging, performance optimization
- Teamwork: Collaborative development using Git workflow & agile tasks

## Qualification

- Intermediate — Board of Intermediate & Secondary Education Sargodha
- Matriculation — Board of Intermediate & Secondary Education Sargodha
